

The High School of Dundee is one of Scotland's leading independent schools and is among the oldest in the United Kingdom.

With approximately 985 pupils, it the largest independent school in Tayside and Fife and they needed to overcome various business challenges:

- A replacement for the cabling from the old buildings
- A solution to the lack of reporting on the PBX
- Expensive upgrades (£40,000 to upgrade old system)
- Specialist knowledge for advanced configurations
- Capacity issues, we were full on digital lines and needed VoIP
- Lack of use of basic features for end users (call forwarding, voicemail, conference)

“I wanted our school to be on the forefront of technology.”

- Jonathan Christie, ICT Director at High School of Dundee

Key Outcomes

- Annual maintenance costs reduced by 70%
- Skype for Business allows us to remove the limitation of cables by use of wireless connection for the end-point devices.
- New system upgrades expenditures down by 50%
- Call forwarding is much simpler, and exchange provides unified messaging.
- Federation with partners
